**Agent:** Anna Myrmus & Julian Friedmann

**Biography:** Terry is an award-winning screenwriter based in Brighton. He won the BAFTA-Rocliffe New Writers' Award in 2020 and since then has been in development on various original series with production companies across the UK and Europe.

In 2022, he was commissioned to create an Epic Action Fantasy series ODIN'S EYE by producer Egor Olesov and J.D Zacharias.

His original Crime Drama DEATH & MERCY was optioned by Chudor House Productions and selected for a Sky Studios Table Read in September 2023. Another original series of his, I'VE CREATED A MONSTER, is also under option to Chudor House.

In 2024 he was commissioned, along with co-writer Thomas Theiner, by Egor Olesov and United Heroes Ltd to write an Espionage series entitled THE VESPIARY. He also joined the Sharp House Productions writer's room for the TV adaptation of VILLAIN.

His Psychological Sci-fi Horror feature film TERROR LONDON is currently in development with producer Hayley Medwell.

Terry grew up as a working-class kid in South-East London. He enjoys working across all genres and likes writing underdog characters who form unlikely relationships whilst fighting a common enemy. His strength lies in adding a good dose of levity into gritty drama and creating grounded, flawed characters who exist within compelling worlds in relatable stories.
